

DEPARTMENT OF BIOSTATISTICS

Junior Tenure-Track Faculty Positions

The Department of Biostatistics at the Johns Hopkins Bloomberg School of Public Health seeks applications to join our tenure-track faculty at the rank of Assistant Professor. Candidates should have a PhD or equivalent in statistics, biostatistics, or a comparable field, or in computer science and, like the Department, a commitment to education and research to advance statistical and quantitative reasoning, methods and discovery in the health sciences.

Senior Tenure-Track Faculty Position

The Department also welcomes applications to join our tenure-track faculty at the rank of Associate or Full Professor. Candidates should have a record of leadership in education and research to advance statistical and quantitative reasoning, methods and discovery in the health sciences.

The Hopkins Department of Biostatistics, founded in 1918, was the first degree-granting department of statistical science in the US and has ranked among the best throughout its history. The Johns Hopkins Health Institutions (Schools of Public Health, Medicine, and Nursing, and the Johns Hopkins Hospital) are among the top worldwide and provide a research environment in which energetic faculty can promulgate scientific excellence. Today, the Department comprises 19 tenure track faculty members, 11 research track faculty members, 31 PhD students, and 17 full-time master degree students.

TO APPLY

Email cover letter, CV, contact information for three references, and statement of research interests and goals to: Faculty Search Committee at biostat@jhsph.edu.
eoe/aa

Women and under-represented minority candidates are particularly encouraged to apply. The Johns Hopkins University is an affirmative action/equal opportunity employer.
