Tenure-Track Positions in Statistics at the Assistant Professor Level

The Department of Mathematics and Statistics invites applications for a tenure-track position to begin Fall 2014. Join a dynamic group of mathematicians, statisticians and mathematics educators actively engaged in education and research.

POSITION DESCRIPTION: Your teaching assignment will consist of courses in statistics at the undergraduate and graduate level. It is also expected that you will engage in professional development including scholarly research and serving on department, college, and university committees. It is anticipated that you will advise graduate students and participate in curriculum development and statistical consulting.

We have a student body with diverse socio-economic and cultural backgrounds and learning styles, and are looking for faculty who can work successfully in this environment. Salary will be commensurate with experience and qualifications. Our excellent benefits program includes start-up funds and a reduced teaching load during your first two years.

QUALIFICATIONS: You are required to have a Ph.D. in Statistics or a closely related field. Terminal degree must be completed by September 22, 2014. You must provide evidence of, or show potential for, teaching excellence, conducting scholarly activities and directing Master’s thesis students. Preference will be given to candidates having expertise in one or more of the following areas: statistical consulting, design of experiments, multivariate statistics, survival analysis, time series analysis and biostatistics.

HOW TO APPLY: To be considered for the position, you should mail, email or fax: curriculum vitae, teaching philosophy statement, research statement, copies of undergraduate and graduate transcripts and a minimum of three recent letters of reference (original transcript, original reference letters, and an application form are required of finalists). Your application package must address your background and interest with regard to each of the requirements listed above in the position description and qualifications. Your completed application package will be available for examination by any tenured and tenure-track faculty of the department. You can obtain an application form at http://www.csupomona.edu/~math or by contacting:

Faculty Search, Department of Mathematics and Statistics
California State Polytechnic University, Pomona
3801 West Temple Avenue
Pomona, California 91768-4007

E-MAIL: mathstatsearch@csupomona.edu
PHONE: (909) 869-3496 (Search Coordinator)
FAX: (909) 869-4904

CLOSING DATE: Completed applications should be received by December 13, 2013. Applications completed after this date may be considered until the position is filled or the search is closed.

Cal Poly Pomona is an Equal Opportunity, Affirmative Action Employer. The University seeks to recruit and retain a diverse workforce as a reflection of our commitment to serve the people of California, to maintain the excellence of the University, and to offer our students richly varied disciplines, perspectives and ways of knowing and learning.
