Johns Hopkins University
Job Description

Classified title: Biostatistician

Employee group: Full-time

Position type: Direct replacement

Reports to: Bruce J. Trock, Ph.D.

Description: Master’s level biostatistician or epidemiologist to provide data analysis and data management for research on prostate cancer and other urologic cancers. Position is in the Department of Urology and involves collaboration with epidemiologists, biostatisticians, clinicians and basic scientists. The Department of Urology is a dynamic and highly collegial environment with opportunity to work on a wide range of problems.

Requirements:
- Master’s degree or equivalent in biostatistics or epidemiology
- Excellent data analysis skills
- Proficient with SAS, Stata or R software
- Excellent communications skills

Contact: Professor Bruce Trock, Ph.D.
