The Biostatistics Unit at Kaiser Permanente Washington Health Research Institute (KPWHRI) is seeking a doctoral-level faculty researcher in biostatistics to lead independent methodological research and to collaborate with multidisciplinary research teams on observational studies and pragmatic clinical trials in a setting with access to rich electronic healthcare data. Areas of potential collaboration include aging, behavioral medicine, cancer prevention, health informatics, immunizations, mental health, and pharmacoepidemiology.

Appointment is open rank (Assistant, Associate, or Senior level). Preference will be given to those with a demonstrated ability or strong potential to collaborate on multidisciplinary research teams and successfully lead their own research program. Applicants must have a doctoral degree (PhD or equivalent) in Biostatistics or Statistics, excellent oral and written communication skills, and a strong interest in interdisciplinary collaboration.

To apply, please submit a letter of interest, CV, and research statement to Annie Shaffer (Annie.J.Shaffer@kp.org). Questions about the position can be directed to the Director of Biostatistics, Jennifer Nelson, PhD (Jen.Nelson@kp.org). Review of applications will begin immediately. Salary and title commensurate with training and experience.
