The Faculty of Public Health at the Kuwait University Health Sciences Center is currently advertising open faculty positions at the level of Associate and Full Professor in the following departments:

- Department of Health Policy and Management (hpm.foph@hsc.edu.kw)
- Department of Environmental and Occupational Health (eoh.foph@hsc.edu.kw)
- Department of Epidemiology and Biostatistics (eb.foph@hsc.edu.kw)

**Full-time Faculty positions:**
Online applications with a closing date of August 30, 2018 are available at: http://vpaa.hsc.edu.kw/viewjobs/

**Visiting Professor positions:**
Visiting professor appointments for a semester or a full year may be available in some cases in 2019-20. If interested, please send your CV to Dr. Joseph Longenecker at jlongene@hsc.edu.kw.

**About Kuwait**
Kuwait is an affluent, stable and peaceful country that is ranked sixth worldwide for GDP per head. It has a well-developed public and curative health care system. Kuwait University is the major public university and encourages research and has excellent support facilities. University salaries and benefits are excellent.

**About the Faculty**
The Faculty started a Bachelor of Science program in September, 2017, and will start its Master of Public Health program in September, 2018.

You may find more information about the Faculty of Public Health and the Health Sciences Center at: http://www.hsc.edu.kw/foph, or send enquiries to the departmental e-mails listed above.

If you know of other individuals who might be interested in such an opportunity, we would be most grateful if you could also forward this information to them.

Prof. Keith Cash
Chairman, Appointments Committee
Faculty of Public Health
Kuwait University
