MBI: postdoctoral positions

The Mathematical Biosciences Institute (MBI), located on the campus of the Ohio State University, is accepting applications for Postdoctoral Fellows to start September 2017.

MBI postdoctoral fellows engage in a two-year integrated program of tutorials, working seminars, workshops, and interactions with their mathematical and bioscience mentors. These activities are geared toward providing the tools to pursue an independent research program with an emphasis on collaborative research in the mathematical biosciences. MBI facilitated activities are tailored to the needs of each postdoctoral fellow.

Applications for a Postdoctoral Fellowship completed before December 5, 2016 are guaranteed to receive full consideration. Applications for an MBI Postdoctoral Fellowship should be submitted www.mathjobs.org/jobs/mbi. For additional information please contact Rebecca Martin (rebecca@mbi.osu.edu or 614-688-3519) or visit mbi.osu.edu/participate/postdoctoral-fellow.
