The Department of Mathematics & Statistics at Northern Arizona University invites applications for a Lecturer in Statistics position. The position duties begin in August 2019. This is a nine-month academic-year position, non-tenure eligible, but renewable pending satisfactory job performance, availability of funding, and program needs. This position is not eligible for sponsorship.

This position is in part intended to support the our new Bachelor of Science in Data Science program that begins in Fall 2019. Responsibilities include teaching undergraduate courses in statistics and data science, and possibly masters level courses in statistics. Additional responsibilities include involvement in student-related activities; service to the university; and maintaining a modest program of professional development or scholarly activity.

Minimum qualifications include a Ph.D. in statistics, data science, or equivalent by position start date. For a complete list of qualifications, additional details, and to apply for this position please visit https://nau.edu/human-resources/careers/, follow the 'Faculty and Administrator Openings' link, and locate vacancy 604216. Review of applications begins April 12, 2019.

NAU is an AA/EEO/MWDV employer.
