ORISE FELLOWSHIP AT CDC

Introduction
Centers for Disease Control and Prevention (CDC), National Center for Environmental Health (NCEH), Division of Laboratory Sciences (DLS) is seeking Summer ORISE Fellows to focus on public health issues related to the environment. Candidates will work on projects associated with developing and applying new methods to characterize and quantitate biochemical markers that are relevant in environmental exposures and chronic diseases. The fellowship carries a stipend of approximately $2,700/month for full-time undergraduate student fellows $3,300 for full-time graduate student fellows.

Qualifications
College students who plan to major in chemistry or biology and have taken courses in general chemistry or biology may apply. They must also comply with safety and security requirements before or upon reporting to CDC.

Application Process
The appointment is through the Oak Ridge Institute for Science and Education. The application may be found at http://orise.orau.gov/cdc.

To be considered, please send all application materials, including the application, a current resume, official transcript, and two letters of recommendation, to CDCrpp@orau.org by January 17, 2014. Please reference CDC-NCEH-2014-0004 UPO in all communications.

Deadline is January 17, 2014
