The Department of Statistics & Applied Probability at University of California, Santa Barbara invites applications for Lecturer positions. Applicants are expected to show a strong commitment to excellence in teaching undergraduate statistics, data science or probability. Appointment can be either full-time or part-time for upcoming openings and reappointment is possible provided there are ongoing Departmental needs and satisfactory performance. Teaching duties would include a range of introductory and upper-division courses according to department needs. Salary is based on UC's salary scales and depends on qualifications. Candidates should discuss their scholarly pursuits (such as statistics research, statistics education, statistical consulting) in their cover letter. Full-time lecturers hired in this search may receive one-year contracts with the possibility of renewal up to six years; at the sixth year, a lecturer may be considered for a continuing appointment, which is an ongoing contract with merit reviews every three years.

Applicants must have completed all requirements for a PhD (or equivalent) except the dissertation at the time of application and should have completed their PhD (or equivalent) by the time of appointment. Documented experience (at least 1 year of lecturing experience) in teaching Statistics or a related field at the college level is preferred.

To apply submit CV, Cover Letter, and arrange for two letters of recommendation, ideally directed towards teaching. Materials should be submitted electronically via UC Recruit recruit.ap.ucsb.edu/apply/JPF01371.

Screening for the position will commence on December 1, 2018 and will continue as needed. The posting will remain open until October 31, 2019 to accommodate department needs. If you would like to continue to be considered after that time, and the pooled position is advertised again, you will need to submit a new application. Please note: The use of a Lecturer pool does not guarantee that an open position exists at the time you are applying. See the review date specified in UC Recruit to learn whether the department is currently reviewing applications for an upcoming opening. If there is no future review date specified, your application may not be considered at this time. The department is especially interested in candidates who can contribute to the diversity and excellence of the academic community through research, teaching and service.

The University of California is an Equal Opportunity/Affirmative Action Employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.
The Department of Statistics and Applied Probability at the University of California, Santa Barbara invites applications for visiting assistant professor for the 2019-2020 academic year, starting July 1, 2019 (with the possibility of renewal up to 3 years). Applicants are sought in Statistics, Financial Mathematics, Actuarial Science, and Data Science. We anticipate hiring multiple candidates.

The Department offers Undergraduate Majors in Statistical Science, Financial Mathematics and Statistics, and Actuarial Science, as well as a range of graduate programs. Departmental teaching includes Introductory Statistics and a full range of upper-division undergraduate courses. Successful applicants will show promise for undergraduate teaching, collaborative research, and synergies with PSTAT faculty. The University is especially interested in candidates who can contribute to the diversity and excellence of the academic community through research, teaching, and service as appropriate to the position. A Ph.D. or equivalent is required by time of appointment.
