The Mathematics Department at the University of Maryland invites applications positions to begin mid-August, 2017, or later. The Department seeks applicants for tenure-track Assistant Professor appointments. Statistics is a targeted area, but the Department will consider outstanding applicants in all fields. Applicants must present evidence of exceptional accomplishments and promise in both research and teaching. Duties include research, undergraduate and graduate teaching, and departmental and university service.

Qualified individuals are invited to submit a letter of application and a curriculum vitae to: http://mathjobs.org. Applicants for a tenure-track position should include four letters of recommendation, one of which should address teaching. For best consideration the application should be received by December 1, 2016. Information requests should be directed to Paul J. Smith, Director, STAT Program (e-mail pjs@math.umd.edu).

The University of Maryland Mathematics Department is committed to building a diverse faculty preeminent in its missions of research, teaching, and engagement in the community. Candidates who have experience working with a diverse range of faculty, staff, and students and who can contribute to a climate of inclusivity are encouraged to identify their experiences in this area. The University of Maryland, College Park, an equal opportunity/affirmative action employer, complies with all applicable federal and state laws and regulations regarding nondiscrimination and affirmative action. All qualified applicants will receive consideration for employment.
