University of Michigan: Tenure-Track Positions in Biostatistics

The Department of Biostatistics at the University of Michigan is seeking applicants for two tenure-track faculty positions to begin in Fall 2019. Outstanding candidates at the Associate and Full Professor rank will also be considered. Candidates must have a strong research background with a doctoral degree in biostatistics, statistics, mathematics, the computational sciences or a related field. Candidates being considered for this position will be expected to develop an outstanding research and teaching program. A particular focus of this search is on candidates who are interested in statistical and machine learning, computational statistics, methods for the analysis of electronic health records, methods for big data, data integration, causal inference, high-dimensional data, genomics and precision health. Excellent candidates with other research focus will also be considered and are encouraged to apply.

Consideration of applications has begun and will continue until the positions are filled. Interested applicants should visit https://sph.umich.edu/biostat/faculty-search/index.cfm to apply. If you do not already have an account, you can easily set up a University of Michigan Friend account. Once this step is completed, please submit your application. Applicants will be asked to upload a CV, a statement of research interest, a statement of teaching interest, the names of three references, and academic transcripts (if a recent graduate).

For questions and concerns please contact the University of Michigan Department of Biostatistics at UM.Biostat.Recruitment@umich.edu
