Tenure-track Assistant Professors of Statistics, The University of Michigan

General Information: The University of Michigan is a premier public university with the mission to serve the people of Michigan and the world through "preeminence in creating, communicating, preserving and applying knowledge, art, and academic values, and in developing leaders and citizens who will challenge the present and enrich the future". The Statistics Department is part of the College of Literature, Science and the Arts, and has a growing reputation as an international leader in statistical education and research.

Position Title: Tenure-track Assistant Professor

Position Details: The Department of Statistics at the University of Michigan, Ann Arbor, invites applications for two tenure-track assistant professor positions to begin September 1, 2017. Exceptional candidates at higher ranks will be considered subject to additional approval from the administration. This is a nine-month appointment. A Ph.D. in statistics, biostatistics, or a related field is required. Applicants are expected to have demonstrated outstanding research potential and excellence in teaching. The first position is open to all areas of statistics, but interests in data science are preferred. Applicants with such interests will be considered for appointment at the Michigan Institute for Data Science (MIDAS; http://midas.umich.edu/). The second position is open to candidates interested in bio-data science. Applicants are expected to have demonstrated outstanding research potential in statistical methodology for analysis of medical or bioscience data.

Women and minorities are encouraged to apply.

Salary Range: Competitive compensation.
