We are seeking candidates for research faculty positions in statistical sciences and postdoctoral associates in statistics and social and behavioral sciences.

**RESEARCH FACULTY POSITIONS IN STATISTICAL SCIENCES** - The Biocomplexity Institute at the University of Virginia is seeking applications for research faculty positions in statistical sciences within our Social and Decision Analytics division. Our researchers combine expertise in statistics and social and behavioral sciences to develop evidence-based research and quantitative methods to inform policy decision-making and evaluation. Our research team spans many disciplines including statistics, economics, sociology, psychology, political science, policy, health IT, public health, program evaluation, and data science. See attached flyer for application information or go directly to Careers at UVA site: uva.wd1.myworkdayjobs.com/UVAJobs/job/...

**POSTDOCTORAL ASSOCIATES IN STATISTICS AND SOCIAL AND BEHAVIORAL SCIENCES** - The Biocomplexity Institute at the University of Virginia is seeking applications for postdoctoral associates in statistics and social and behavioral sciences within our Social and Decision Analytics division. Our researchers combine expertise in statistics and social and behavioral sciences to develop evidence-based research and quantitative methods to inform policy decision-making and evaluation. Our research team spans many disciplines including statistics, economics, sociology, psychology, political science, policy,
health IT, public health, program evaluation, and data science. See attached flyer for application information or go directly to Careers in UVA site - uva.wd1.myworkdayjobs.com/UVAJobs/job/...
