

I hold you in my arms all night...can't take my eyes off you. I see you in my dreams...and when I walk about on the streets, it's you I hold in my thoughts constantly...why oh why dear Biostat 621 do you haunt me so?

(Game face)...Now! Listen here o ye Biostat, you may come in the form of a normal distribution and fool a few...but I see just how skewed you are. Make no mistake I see your mean range and I know that your spread is wicked, but I come against you in the Name of the Lord. It's game time...bring it on baby!
