

“I’ve got a Grecian Urn”
sung to the tune of
“I’m a Long Tall Texan”

Bootstrap
Bootstrap

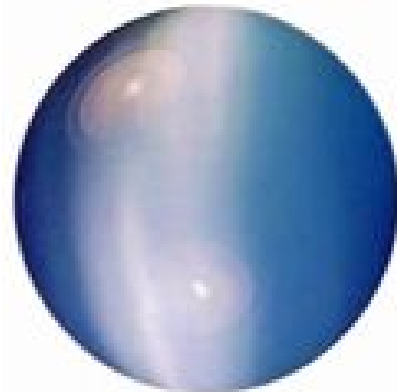

I've got a Grecian
Urn,
I got some marbles in
the Urn,
(he's got some
marbles in his
Grecian Urn)

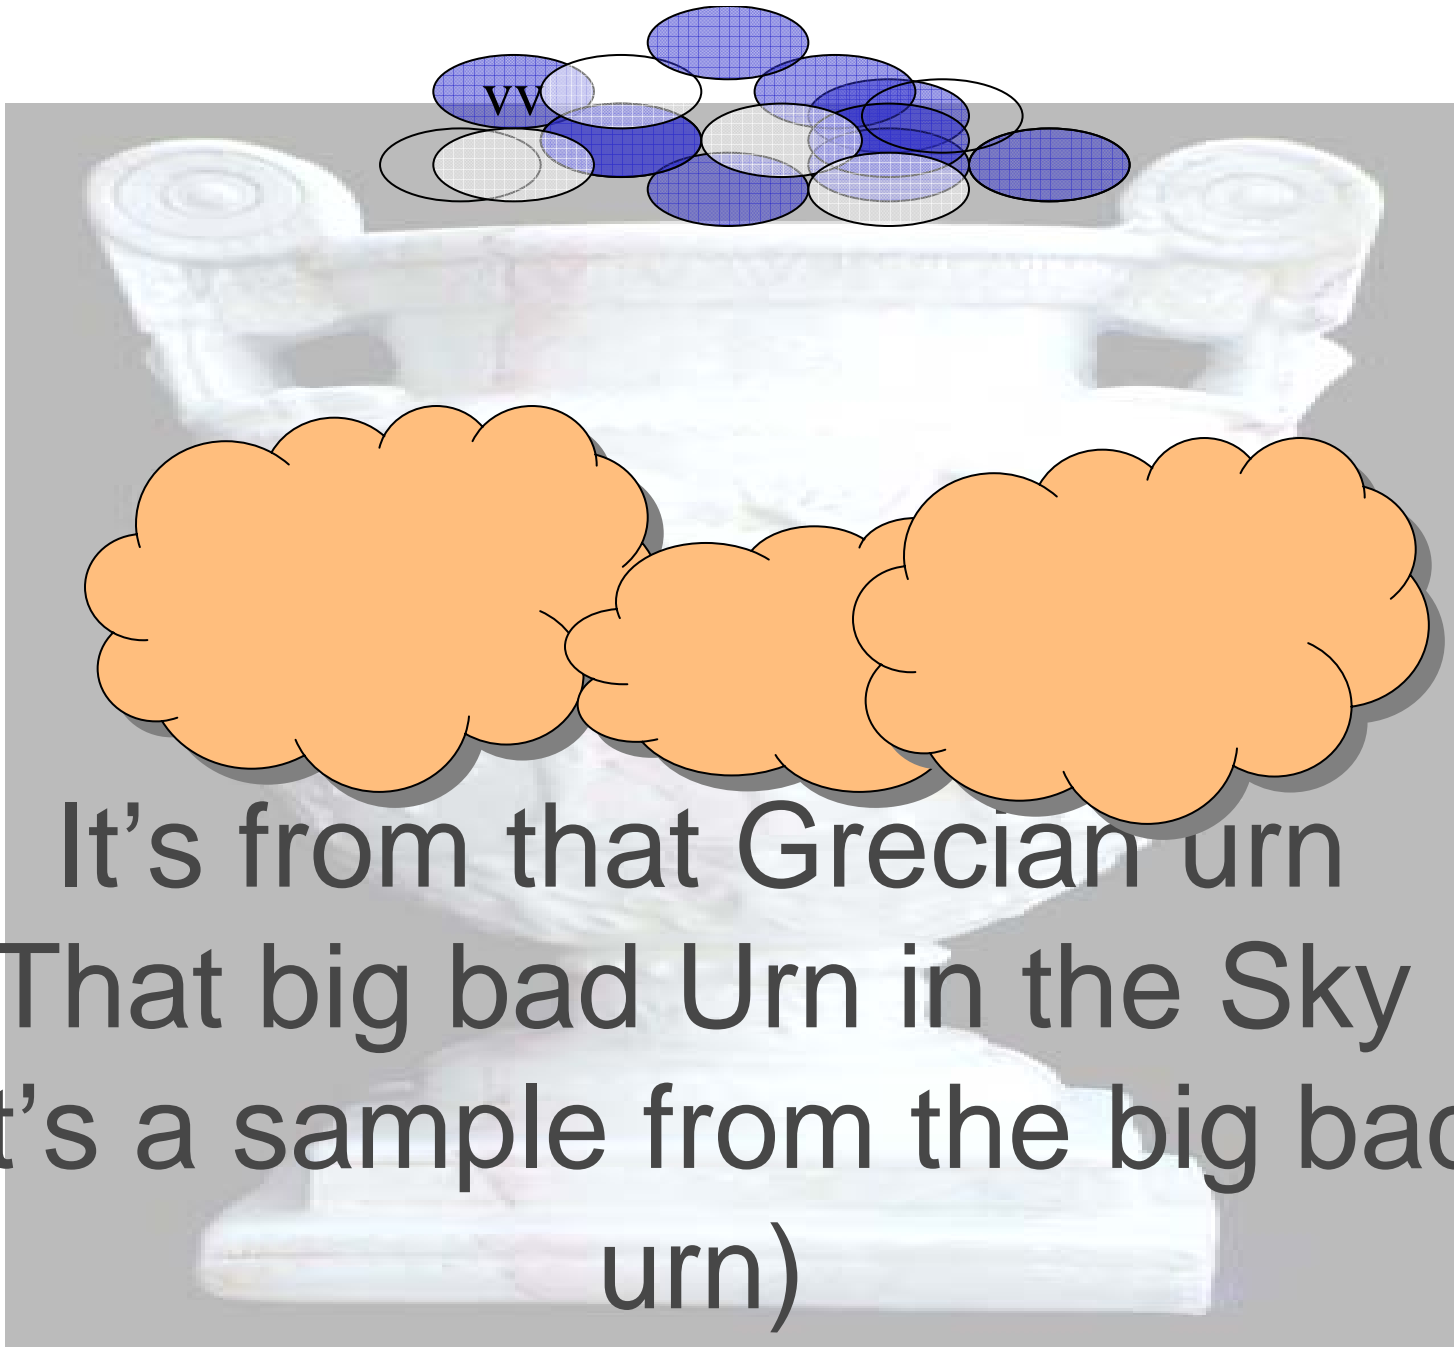

And in this Grecian
Urn,
Some marbles blue
and some are white
(some marbles blue
and some are pearly
white)

I stick my finger in and
Pull out a big blue cat-eye
yeah

Well now this Grecian urn
It's just a sample from the
rest

(It's just a sample from the
bigger rest)

It's from that Grecian urn
That big bad Urn in the Sky
(It's a sample from the big bad
urn)

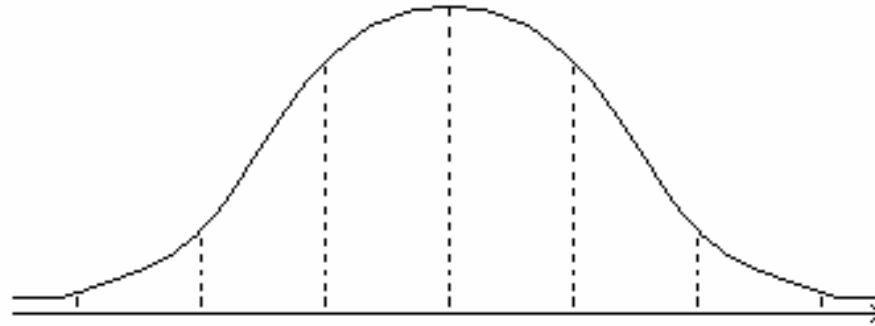

Well what's in that Big Bad
Urn?

Let's use Biostats and try

Well If you want to know the
marbles in that
Big bad Urn
And you can not take another
sample yeah
Well just treat your little urn
like that bigger guy
And sample sample sample
sample my oh my

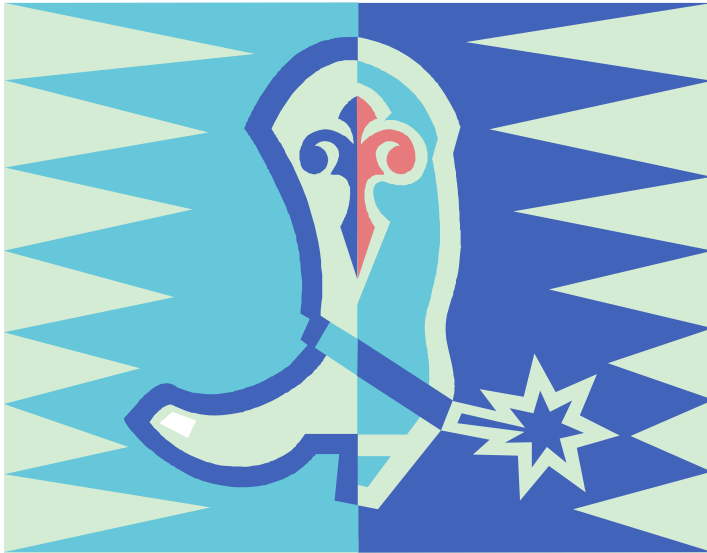

And get your Bootstraps on
You just got your prevalence
(you did your bootstraps got
your prevalence)

Well with those samplings
done
95 CI is what you've won
(you got a Confidence of 95)

Well now no time to dance
You also got your variance
