

The Department of Applied Mathematics and Statistics at Montclair State University is hiring a Temporary Assistant Professor in Statistics for Spring 2022. Responsibilities will include teaching one graduate course in Statistics (synchronous online) and two sections of a mid-sized undergraduate Statistics course (both in-person). This Spring 2022 appointment will start on January 18, 2022 and ends on May 12, 2022. Applications are due by November 5, 2021.

Qualifications: A PhD in Statistics or a related field. Teaching experience is preferred.

How To Apply: Send an email to Eric Forgoston, Chairperson of the Department (eric.forgoston@montclair.edu) with a cover letter that addresses your interest in the position and which provides evidence of qualifications and teaching effectiveness, as well as a CV and the names and contact information of three recommenders.

COVID-19 Policy: Montclair State University requires all employees to be vaccinated against COVID-19 unless they have an approved exemption for medical or religious reasons. Unvaccinated employees (with an approved exemption) must obtain a rapid test for COVID-19 twice weekly on non-consecutive days at the University's testing center on campus. Currently, masks are required to be worn by all individuals in classrooms and common areas.

About Montclair State University: Montclair State University is located 14 miles from New York City in Montclair, NJ, and with over 20,000 students, is New Jersey's second largest university. Montclair State is a Research Doctoral University under the Carnegie classification of higher-education institutions, and is a state-designated Research University. The University has a very diverse student body and has met the criteria to be a federally-designated Hispanic-Serving Institution.
